The Physician Giving Society

The Physician Giving Society was established to give special recognition to physicians who wish to improve the health, wellness and care of our community through philanthropy by supporting the Liberty Hospital Foundation.

The society of active and retired physicians continues the tradition of healthcare excellence in the Liberty Hospital service area by providing funds for programs that help under-insured and under-served patients through Patient Assistance, provide a space for respite at our TreeHouse, support new parents and families through Kyleigh's Gift, and many other resources for Liberty Hospital employees and our community.

The Importance of Physician Support

For over 50 years, Liberty Hospital physicians have provided excellent healthcare services for the Northland community. As the region has grown, the challenge of meeting community needs increases every year.

Gifts to the Liberty Hospital Foundation enhance the compassionate care Liberty Hospital offers by engaging the community to drive philanthropic and volunteer support.

Join over 300 Liberty Hospital Employees who already give back. Your support communicates that you stand with them to work toward the Hospital's mission to **work in partnership with our community to improve the health, safety and well-being of those we serve.**

Why join the Physician Giving Society?

When you become a member of the Physician Giving Society, you join a committed group of physician leaders who are engaged in advancing the great mission of Liberty Hospital and the Foundation.

Recognition & Appreciation

Your contributions through the Society will be greatly appreciated, and recognized in the following ways:

- Society member's names will be displayed on the Physicians' Wall of Honor located in the Hospital's front entrance
- Members will receive a unique Physician Giving Society lapel pin
